There is no objection to the use of the above fittings in the water supply plumbing system subject to full adherence to Waterworks installation requirements.

A condition of this acceptance is that fittings to be installed should be replicas of the sample certified by the testing agent and no modification should be made to the fittings. This acceptance may be withdrawn at any time if the standard of the fittings installed fails to meet that of the approved sample or if complaints are received regarding malfunction or inadequacy of the fittings.

In applying for the use of the fittings in any project the Acceptance Reference number at the top left hand corner of this letter must be quoted as a means of identification of acceptance of the fittings by this Authority.

Yours faithfully,

(K. Y. MAK)
